HomeWatch *of Westfield*

HomeWatch of Westfield is owned and operated by a retired New Jersey State Trooper who is a 30-year resident of Westfield. HomeWatch of Westfield's deep understanding of local happenings, trends, culture, and attitudes, combined with extensive homeland security and personal protection training, ensures clients receive comprehensive home watch services they can trust and depend on.

Home watch is a visual inspection of a home or property, looking for obvious issues. It is a critical look at the readily accessible exterior and interior areas and systems of a home, including, but not limited to, plumbing, electrical, and HVAC systems. Home watch is also a critical look at a home's exterior integrity and presentation. Burglary Deterrence is identifying and remediating situations that attract home burglars and squatters.

Watching your home while you're away. www.homewatchofwestfield.com

HomeWatch of Westfield is a professional home watch service that is bonded and fully insured in accordance with the terms of National Home Watch Association membership. HomeWatch of Westfield has attained Accredited Member status from the National Home Watch Association, and its owner has achieved the Certified Home Watch Professional designation.

HomeWatch of Westfield's clients rest easily knowing that periodic home watch inspections are in place to monitor interior and exterior home systems before they become expensive to repair matters and that exterior appearances do not suggest a home is an easy target for burglars or squatters. Home watch inspections are done at agreed-upon intervals, from daily to weekly to bi-weekly. Regular home watch inspections meet homeowner insurance policy regulations requiring unoccupied homes to be inspected periodically. All home watch services are security-minded and discreet.

HomeWatch of Westfield goes beyond home watch services and offers a range of concierge services designed to make clients' lives less hectic. Concierge services include, but are not limited to, mail and package pickup and forwarding, contractor liaison and work verification services, and keyholder services. HomeWatch of Westfield also offers other confidential services as requested.

HomeWatch of Westfield is faith considerate.
